

Networking, Connecting & Educating HOAs
STRONGER COMMUNITIES. A BRIGHTER NORTH TEXAS.

BUSINESS PARTNER PROGRAM 2027

Business Partner Overview

HOA Connect Business Partners,

We have been serving **HOA communities** for **over 10 years**. The response from both the business and homeowner communities has been extraordinary, making our mission to help educate **Board Members** an incredible success. Building on that momentum, **HOA Connect Houston** launched in **January 2026**.

Our goal is to remove barriers to participation and make it as easy as possible for **HOA Boards** to benefit from our educational workshops while connecting them directly with trusted local businesses and service providers.

We are also excited to introduce our **three-tier Business Partner Membership Program for 2027**. This new structure is designed to provide businesses with greater flexibility and more opportunities to participate in our monthly workshops at a level that best aligns with their goals. The response from the **Business Partners** we have spoken with has been overwhelmingly positive.

Program Goals

- Increase **Business Partner** visibility among **HOA Board Members**
- Expand participation in our monthly workshops
- Build stronger relationships between **Business Partners** and **HOA communities**
- Provide more flexible, customizable, and impactful sponsorship opportunities

Connecting the HOA Community

HOA Connect North Texas continues to serve as a valuable connection point within the **HOA community** by bringing together:

- **HOA Boards** and local **Business Partners**
- **Business Partners** and other **Business Partners**
- **HOA communities** throughout Collin County

Thank you for the opportunity to connect.
